

Kurt is from Tacoma, WA where drive up coffee houses are nearly EVERYWHERE! Although it is common to see places like Espress Lanes in other parts of the country, it was a mind bending concept for this area. People thought we developed film and one lady was adamant that it was Santa's House.

Since returning to Geneseo to be near my family, we wanted to provide for you a little bit of the coffee culture we have grown to love.

We were intrigued that people were getting their coffee from gas stations. Isn't that where you get, well....gas?

We provide an opportunity for you to purchase authentic coffee drinks without the inconvenience of getting out of your car and standing in lines.

We roast some of our own coffee but because of the amount of beans we use we also purchase from a larger roaster who can better handle the demand. Our roaster consistently outranks that *other* fast coffee chain but our customers quickly learned the difference between *marketed* coffee and *quality* coffee.

We have enjoyed getting to know you and we are thrilled with the overwhelming support and positive feedback we have gotten during this adventure. We are happy to serve you!

Kurt & Heidi Gazay

Orange

Espress Lanes is *the* place for nutritional drinks.

We use 100% fruit sweetened by other fruit juices. Don't be fooled by fancy names for High Fructose Corn Syrup. Many "healthy" sugar substitutes are made the same way as HFCS.
